### KATRENNA CASEY

Katrenna played an integral role in the genesis of the National Pinochle Association (NPA). She is considered an unofficial founding member due to her unavailability to sign the Articles of Incorporation. Katrenna worked hard along with NPA Founding Members to write the NPA bylaws in the establishment of the organization. Katrenna has been a member of the National Pinochle Association since 1981. Katrenna was a long time member of the Atlanta Pinochle Association and Atlanta Metropolitan Pinochle Society. She has served on many National committees and served as a delegate on the NPA Board of Directors. Her dedication and participation in the early development of NPA is noteworthy and commendable.
